About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on the scrambled site captions. Key words: "外星皮皮虾", "外星皮皮虾521", "会员福利", "套图", "视频资源", "司机社", "老司机", "奶宝妹纸", "微密圈", "试衣间的诱惑", "Reddit NSFW". Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). Must naturally reuse at least 20% of key words. Let's count unique key words: maybe 10. 20% = 2 words. Must be in same language as title: Chinese (Simplified). We'll include several.

We must not use forbidden words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Also no em/en dashes, no "not only X but Y", "At its core", no forced groups of exactly three items. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Use "to" instead of "in order to". Use "because" instead of "due to the fact that". No generic positive endings; end on a concrete fact or plain natural invitation. No emojis, no curly quotes, no markdown, no bold. Plain text only.

We need 60-90 words. Let's aim for ~75 words.

We need one coherent paragraph.

We must end with a natural invitation to view the full gallery via the link above. So something like "点击上方链接查看完整图集". That's a concrete invitation.

We must not use any forbidden words. Ensure not to use "此外" (that's "additionally")? Avoid "此外". Also avoid "而且" (moreover). But Chinese "此外" might be considered similar. Safer avoid. The rule says never use "additionally" (English). That's Chinese equivalent of "additionally". Use simple sentences.

We must not use "not only ... but also" construction. Avoid.

We must not use forced groups of exactly three items. So avoid listing three items in a row.

We must vary sentence length naturally.

We must keep every claim supported by provided captions. So we can mention that the gallery includes "外星皮皮虾521" member benefits, "套图/视频资源", "奶宝妹纸" micro-circle new work "试衣间的诱惑". And "Reddit NSFW". Also mention "司机社" and "老司机". Good.

Now write Chinese paragraph 60-90 words.

Count words: Chinese words count differently. That would be weird. But we can't use spaces between each Chinese word? But they require answer in same language as title (Chinese). Safer to produce about 70-80 Chinese characters? But we can produce about 70 Chinese characters? We'll write in Chinese with spaces? Let's produce a paragraph with maybe 70 Chinese words (tokens). We'll produce about 80 Chinese words separated by spaces? But we can include spaces between words to approximate. So they may count Chinese characters as words? But better to write in Chinese with spaces between each word? Probably they count words in English. Let's produce about 80 Chinese characters (maybe 70 words). Usually they'd count Chinese characters as words? Hard. But they said 60-90 words. But they likely count words as tokens separated by spaces. In Chinese, each token maybe considered a word. We can write normal Chinese sentence; they'd count words maybe by spaces. Let's aim for ~80 Chinese characters? Actually words in Chinese are not separated. But we can approximate characters. We'll just write natural Chinese sentence.
