金賢守(キムヒヨンス)の旅ブログ・台湾編 金賢守 (キムヒヨンス) の旅ブログ

About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. " So we must write in Japanese? The captions include "金賢守 キムヒヨンス|本気の仕事って、面白い。 (@KimHyonsu) X". Or Chinese? But likely Japanese name "Kim Hyun-su"? The title is in Chinese

characters (Kanji). 2】 ". The captions are mixed Japanese and Chinese. The description must be in same language as title, which appears to be Chinese characters (Japanese Kanji). So it's Japanese. " Actually "金 賢 守" could be Chinese name "Jin Xian Shou"? So likely the language is Japanese. The title "金 賢 守" could be Japanese reading "Kane Ken Shu"? But typical Japanese name "金賢守" (Kane Ken Shu) maybe Korean name "Kim Hyun-su" written in Kanji. The gallery title is "金 賢 守". The title "金 賢 守" uses Kanji, which are used in both Chinese and Japanese. So we should write description in Japanese.

We need to produce 60-90 words (Japanese words count? But we must follow instructions: write enticing description for adult photo gallery based on scrambled site captions. The captions are not adult. We'll need to reuse at least 20% of key words from captions (names, nicknames, distinctive terms). Key words: "金賢守", "キムヒヨンス", "ASKアカデミー", "グローバル・プランニング", "起業", "インタビュー", "プレゼンテーション", "セールス", "旅ブログ", "台湾", "ミラノ", "クルーズ", "Retty", "浅草寺御守", "金鱗守", "金花の秘密", "異雲書屋", "YIYUN ART", "富衛保険", "香港賽馬會", "開運金箔小判", "金箔琉璃財布御守". But we must produce description for adult photo gallery based on scrambled captions. This is weird. We'll produce about 70 Japanese words (maybe 70 tokens). But they said words. Use at least 20% of key words from captions. But it's adult photo gallery? Usually words count in English. But it's adult photo gallery, but the captions are about business, travel, etc. So we need to incorporate some of those words. But we can aim for about 70-80 Japanese characters? We'll just incorporate some names and terms.

We must not use banned words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Also no em/en dashes, no "not only X but Y", "At its core", forced groups of exactly three items. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Use "to" instead of "in order to"; "because" instead of "due to the fact that". No generic positive endings; end on a concrete fact or a plain natural invitation. No emojis, no curly quotes, no markdown, no bold text. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We must end with a natural invitation to view the full gallery via the link above. So final sentence: "詳細は上部のリンクからご覧ください。" Something like that.

We must not use any banned words. Avoid "serves as". Avoid "boasts". Also avoid "showcase". Avoid "additionally", "moreover", "furthermore". Avoid "it is important to note". Avoid "crucial", "pivotal". Ensure not to use "delve", "tapestry", etc. Avoid em/en dashes. Use commas or separate sentences.

We must not use "not only X but Y". Avoid forced groups of exactly three items. Avoid "At its core". So we must not list three items in a row. Use varied sentence lengths.

We must reuse at least 20% of key words from captions. We'll include "金賢守", "キムヒヨンス", "ASKアカデミー", "グローバル・プランニング", "旅ブログ", "台湾", "ミラノ", "クルーズ". 20% of that is 4 words. That's many. So we need to include at least 4 key words from captions. Let's count key words: maybe 20 distinct words. We'll include at least 4.

We need to write 60-90 words. The word count may be counted by tokens separated by spaces. Let's aim for about 80 Japanese words (maybe 80 tokens). Usually Japanese doesn't have spaces. The word count may be ambiguous. But we can count words separated by spaces if we write in Japanese with spaces? But typical Japanese writing doesn't have spaces. But we can produce about 70-80 English words equivalent. Could include spaces. But we can separate with spaces for counting. But they said plain text only, no markdown. In Japanese, words are not separated by spaces. But we must produce Japanese text. But we can approximate. But we can include spaces between words for counting. The title is in Chinese characters, but we can write in Japanese. But they said "Write the entire description in the same language as this title". But the instruction likely expects English word count. But it's okay.

Better to produce about 70 Japanese "words" separated by spaces. But it's okay.

We must ensure we don't use banned words. No emojis, no curly quotes, no markdown, no bold text. No "At its core". Use "to" instead of "in order to". No generic positive endings; end on a concrete fact or a plain natural invitation. No "not only X but Y". Use "because" instead of "due to the fact that". Let's check banned words list: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it

is important to note", "serves as", "boasts". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Also no em/en dashes. No forced groups of exactly three items. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We must ensure each claim is supported by captions. But it's adult photo gallery? We can mention that the gallery includes photos from those contexts. But we can just describe the gallery as containing images of the model "金賢守" in various settings like travel, business, etc. That is supported by captions. So we can mention that the gallery features "金賢守" also known as "キムヒ ヨンス", who appears in "ASKアカデミー" videos, "グローバル・プランニング" interviews, travel blogs covering "台湾", "ミラノ", "クルーズ". That is supported.

We must end with invitation to view full gallery via link above. So final sentence: "詳細は上部のリンクからご覧ください。" That is a plain natural invitation.
