Hermione Sucking Off Harry

About This Collection

Hermione faces a wild ritual gone wrong when vines and tentacles surround her in the greenhouse. More tentacles appear, making everything harder, and the gyaru style adds a flashy twist to the magical chaos. She takes orders well, pressing close to a mating position while Harry watches, confused by the bizarre scene. A ritual with too many cocks goes sideways fast, leaving Hermione breathless and the plant hungrier than expected. The plant does not stop there, wrapping around her with strange persistence as she adapts to the situation. View the full gallery via the link above.
